INTRODUCTORY NOTE

1. As a step toward assisting the readers to make the maximum use of its resources, the Library has undertaken to issue in several parts a list of periodicals and certain serials it currently receives.* Each part will be devoted to a broad subject area. This fourth part in the series lists periodicals dealing with political affairs, including political science, international relations, Non-Self-Governing Territories, disarmament, peace movement and research, national politics, defence, race relations, etc. Periodicals issued by United Nations and other agencies in the United Nations system are not listed.

2. Arrangement

Periodicals are listed alphabetically by their latest title. However, if a periodical or serial is issued by a government agency, it is entered under the name of that agency. Similarly, if a title consists of a single generic word such as bulletin (boletim, boletin), journal, review (revue, rivista) etc., it is entered under the name of the issuing organization. A reference is made in all such cases from the title to the name of the issuing organization. Titles in Arabic, Chinese and Japanese are listed at the end of the alphabet.

3. Bibliographic Data

Bibliographic data which are provided for each title include the place of publication, the frequency of issuance (see list of abbreviations) and the volume number and/or the year of the beginning of the Library's holdings. In the case of periodicals which are not retained indefinitely, the number of years for which the title is kept is shown rather than the volume number and/or the

*They supersede the List of periodicals and newspapers received, March 1957 (ST/LIB/SER.B/7).

NOTE LIMINAIRE

1. Pour aider le lecteur à tirer le meilleur parti des possibilités qu'elle offre, la bibliothèque a entrepris de publier en plusieurs parties une liste de périodiques et de certaines publications de série qu'elle reçoit régulièrement.* Chaque partie sera consacrée à un sujet d'ensemble. La quatrième partie de la série consiste en une liste de périodiques spécialisés dans le domaine des affaires politiques: en particulier sciences politiques, relations internationales, territoires non autonomes, désarmement, mouvements et recherches en faveur de la paix, politiques nationales, défense, relations raciales, etc. Les périodiques publiés par l'ONU et d'autres organismes des Nations Unies ne sont pas mentionnés.

2. Disposition matérielle

Les périodiques sont classés dans l'ordre alphabétique de leur titre le plus récent. Toutefois, lorsque des périodiques ou des publications de série sont édités par un organisme gouvernemental, ils sont classés sous le nom de cet organisme. De même, lorsqu'un titre ne comprend qu'un seul mot générique tel que bulletin (boletim, boletin), journal, review (revue, rivista), etc., il est classé sous le nom de l'organisation éditrice. Dans tous les cas de ce genre, le lecteur est renvoyé du titre de la publication au nom de l'organisation éditrice. Les titres en arabe, chinois et japonais sont classés à la suite de l'alphabet.

3. Renseignements bibliographiques

Les renseignements bibliographiques fournis pour chaque publication comprennent le lieu d'édition, la périodicité (voir liste des abréviations), le numéro du volume et l'année du début de la

*Cette liste remplace la List of periodicals and newspapers received, March 1957 (ST/LIB/SER.B/7).

year of the beginning of the Library's holdings. Appropriate information is provided in a note when a periodical contains text in more than one language, or is issued in different language editions etc.

4. Loan and Circulation

Location of the periodicals is shown by the call number or the notation "Unclass." at the beginning of each entry. When a call number includes the prefix LSA, the periodical is located in the Legal Branch Library and may be obtained from Room 3455, extension 2512. All other periodicals are located in the Main Library and may be obtained from Room L-1B-10, extension 830. Staff members may also arrange for any periodical to be circulated to them. Requests for circulation should be directed to the Chief, Stack and Loan Section, Room L-105A, extension 2573.

5. Indexes

The list is provided with a country of publication index. The index refers to the serial numbers of the entries in the main part of the list.

6. Supplements

The lists will be kept up to date by issuing supplements at appropriate intervals.

7. Comments and suggestions for improvement of the periodicals collection would be appreciated and should be addressed to the Director of the Library.

collection de la bibliothèque. Dans le cas des périodiques qui ne sont pas conservés indéfiniment, c'est le nombre d'années pendant lesquelles les publications sont conservées qui est indiqué, au lieu du numéro du volume ou de l'année du début de la collection. Lorsqu'un périodique est rédigé en plusieurs langues ou est publié en plusieurs éditions de langue différente, etc., une note le mentionne.

4. Prêt et circulation

La place d'un périodique donné est indiquée par la cote topographique ou la mention "Unclass.", au début de chaque notice. Lorsque la cote topographique comprend le préfixe LSA, le périodique se trouve au fonds juridique; le demander au Bureau 3455, poste 2512. Tous les autres périodiques se trouvent à la bibliothèque principale et peuvent être demandés au Bureau L-1B-10, poste 830. Les membres du personnel peuvent également demander à ce qu'on leur fasse le service de tel ou tel périodique. Ces demandes doivent être adressées au chef de la Section des magasins et du prêt, Bureau L-105A, poste 2573.

5. Index

La liste est accompagnée d'un index des pays d'édition. L'index renvoie aux numéros d'ordre des notices de la liste principale.

6. Suppléments

Les listes seront tenues à jour au moyen de suppléments qui paraîtront de temps en temps.

7. Les lecteurs qui auraient des remarques ou des suggestions à formuler en vue d'améliorer la collection des périodiques sont cordialement invités à les adresser au Directeur de la Bibliothèque.
